[PDF] vitruvius on architecture eBook

Classical and traditional architects honor the ancient Roman architect Vitruvius as their godfather. He is surely the most prominent face of classicism among the modernist architects who reject any connection with tradition. They may not recognize him as an important predecessor, but they certainly know the critical standards he introduced, ones that both professionals and

The American Vitruvius: An Architects' Handbook of Civic ...

Drawing upon the ideals that inspired the great Roman architect, it promotes the Vitruvian maxims of longevity, beauty, and commodity. It also defines the thinking behind modern American city planning. First published in 1922, The American Vitruvius arose from a collaboration between two students of American urbanism.
