From Anger to Apathy: The British Experience Since 1975 ...

In Britain and France during the years 1945-1975, thousands of individuals, a few armed with the authority and power of the state and many others legitimated by no more than their prejudices or consciences, spoke, legislated, agitated, harassed, aided, and otherwise created and responded to a series of events, facts,...

The Political Economy of the British National Health ...

In this groundbreaking book, Mark Garnett charts the changes in British politics, society, and culture since 1975. This volume breaks with the traditional approach to history by addressing the reaction to change through themes like lust, greed, fear, and charity, while at the same time retaining a sense of chronological progression.

The book also positions the British experience within the context of European decolonisation and contains many documents which have only recently become available. Introducing the reader to the key debates it the ideal introductory text on the subject.

Nagasaki - The British Experience, 1854-1945 | brill

Concise and accessible, this guide provides an overview of the process of British decolonisation. Dr White synthesises recent historical debate by looking at the demise of British imperial power from three main perspectives: the shifting emphases of British imperial policy; the rise of populist, colonial nationalism, and the international political, strategic, and economic

Flickr: The British Cars 1945-1975 Pool

A distinguished work that describes and analyzes the postwar decades with wit, pungency and unconventional intelligence. In brevity and scope, in judgment and flair, it will be hard to surpass. The record that emerges is mixed. While "the principal weaknesses of postwar Britain are inequality and secretiveness . . . British democratic instincts and institutions remain intact."
