Virtually, here- through the central theme of the city- is world history. It is far more than the study of urban culture through the ages. It is a revitalization of civilizations- with focus particularly on the Minoan and Mycenaean cultures of ancient Greece, the age of Pericles, the disintegration of the Hellenistic period, "richer in science than in wisdom", and the deterioration when Rome took over.

THE CITY IN HISTORY by Lewis Mumford | Kirkus Reviews
For each city, this map shows the date of the earliest recorded population figure, which is not necessarily the date when the city was founded. The size of each dot corresponds to its population at that time. By 2030, 75 percent of the world's population is expected to be living in cities. Today, about 54 percent of us do. In 1960, only 34 ...

The City in History: Its Origins, Its Transformations, and ...
The City in History is still referenced by urban planners, sociologists, etc. today and really makes you think about cities in a whole new way. This may not be the book you take with you to the beach, but it is still the best starting point for those who want to better understand how the urban form has evolved.

The City in History (??)
The city's grid plan originated with the "Avenue of the Dead", connecting the Temple of the Feathered Serpent and the Pyramid of the Moon. Beyond its ceremonial center the city featured religious buildings (23 temple complexes) and myriad workshops. Although its religious system was clearly expansive and significant, details of its political ...
