**The Digital Photography Book, Volume 3: The Step-by-Step ...**  
The Digital Photography Book, (The Digital Photography Book #3) Scott Kelby, author of The Digital Photography Book, volume 1 (the world's best-selling digital photography book of all time), is back with a follow-up to his volume 2 smash best seller, with an entirely new book that picks up right where he left off.

**The Digital Photography Book, Part 4**  
This is it—the #1 best-selling digital photography book ever! It's the award winning, worldwide smash hit, written by Scott Kelby, that's been translated into dozens of different languages, because it's the one book that really shows you how to take professional-quality shots using the same tricks today's top digital pros use (and surprisingly, it's easier than you'd think).

**The Digital Photography Book (Volume 3) by Scott Kelby**  
I found The Digital Photography Book Volume 2 to be a good source of information on DSLR photography. I don't believe that it was quite as useful as the first volume, but that may be because it spends a lot of time talking about flash and studio lighting for portraits and weddings which I have limited interest in.

With over 800 of the most closely guarded photographic "tricks of the trade," this boxed set--consisting of all four parts of Scott Kelby's best-selling series, The Digital Photography Book--is the ultimate resource for any one who wants to shoot dramatically better-looking, sharper, more colorful, more professional-looking photos every time.

**The Digital Photography Book Volume**  
If you are a pro or very serious amateur in digital photography you will get little out of the book. Hence it may be of only a one or two star value. If you are an intermediate photographer you have probably heard much (if not most) of what is in the book. Hence it may only be a three star value.

**The Digital Photography Book, Volume 1: The Step-by-Step ...**  
As with his other Digital Photography Books, this volume is a potpourri of category-grouped, 1-page articles on using photographic equipment, developing shooting techniques and creating image styles. Although Peachpit has categorized The Digital Photography Book, Volume 3 as a beginner-level book, I strongly disagree.
