NEGOTIATING MEDICAL COMMUNICATION: The Discourse of ...

A discourse community, by nature, is a group of people that share the same values, goals, and modes of communication (Swales, 1990). The nursing discourse community, although often grouped along with other different types of medical professions into one large population, exists as its own discourse community, due to their specific values, goals, and types of communication.

The Discourse Of Hospital Communication

Bringing together recent international research in the field of hospital communication and interaction, the contributors to this book contextualize clinical professional work by focussing on the rising intensity of information and communication practices in organizations generally, and in health care in particular.

Values of the Nursing Discourse Community and Its Impact ...

The communications skills of a pharmacist are very important. They communicate with many people of different educational levels throughout any given day, including fellow pharmacy staff members, such as technicians, as well as medical doctors, nurses, hospital staff, other pharmacists, and most importantly, the patients and members of the community who come into the pharmacy...

Medical Discourse: A Glimpse into Communication in a ...

This ethnographic study examined the symmetry (active listening)/asymmetry (dominance) of nurse-patient communication. A convenience sample of 20 gendered nurse-patient pairs from two community hospitals participated. Eleven discourse modes emerged from taped conversations between nurses and patients.
