In this book, economist Joshua Gans steps back from the short-term chaos to take a clear and systematic look at how economic choices are being made in response to COVID-19. He shows that containing the virus and pausing the economy—without letting businesses fail and people lose their jobs—are the necessary first steps.

Economics (textbook) - Wikipedia

For Economics books published in the first half of the year, see Martin Wolf's mid-year selection. Martin Wolf is the FT's chief economics commentator. Books of the Year 2019.

The Economics Book

The Economics Book looks at different economic theories and economists, with a bit of world history thrown in. As a beginner in Economics, this book wasn't exactly what I was hoping for. It was kind of disorganized and didn't explain some concepts very well (they weren't as "simply explained" as the title claims).

The Economics Book: Big Ideas Simply Explained by Niall ...

This economics book is designed to reinforce the basic relationships between the entities that own or control resources and those that need or purchase them. It incorporates real-life examples along the way, offering a relatable context for how the economy operates and how it affects the people who live within it.
