Aligning elements in a way that is visually appealing is an incredibly important part of graphic design.

While many designers begin by putting everything in the center of the page, that 's definitely not the only way to do it.

Graphic Design  
achieve visual unity

Alex White  
is a main goal of  
graphic design.

When all elements  
are in agreement, a  
design is

considered unified.

No individual part is  
viewed as more  
important than the  
whole design.
