The End Of Alchemy Money

The End of Alchemy gives an insider's view on the role and evolution of central banking in the last 20 years. The author outlines in plain language how central banks operate, the economic theories that frame those operations and how those theories and the practice of monetary policy have changed as the conditions have changed.

The End of Alchemy: Money, Banking, and the Future of the ...

The implication of the title is that the financial crash meant an end of bankers ‘ creating ’ products (that they defined as money) essentially from nothing. As I read this book I concluded the title was more subtle: Mervyn King explains how the crash was not the end of alchemy, it was the final step in the process.

The End of Alchemy | Mervyn King | W. W. Norton & Company

The End of Alchemy demands debate and a well-reasoned response Mervyn King asks, "Why has almost every industrialised country found it difficult to overcome the stagnation that followed the financial crisis in 2007-2008, and why did money and banking, the alchemists of a market economy, turn into its Achilles heel?"
