future. Her masterfully-argued case springs to life with both impressive research and empathetic portraits of those seduced and often betrayed by suburbia's promise of a more livable life.

What 'The End of the Suburbs' Means for Boomers - Next Avenue

The End of the Suburbs. In several metropolitan areas, building activity that was once concentrated in the suburban fringe has now shifted to what planners call the "urban core," while demand for large single-family homes that characterize our modern suburbs is dwindling. This isn't just a result of the recession.

The End of the Suburbs: Where the American Dream Is Moving ...

Poverty and crime have grown in some suburbs while being reduced in cities (p. 17). Cities are cool again: people seem attracted to cities (p. 18-19) and in particular millennials (those born between 1977 and 1995) seem to prefer cities (p. 19). Higher gas prices increase the costs of commuting to remote suburbs (p. 21).
