Softcover reprint of hardcover 1st ed. 2004 Edition

What Is Medical Ethics, and Why Is It Important?
Abstract. It may be contrary to the role-duty of doctors to participate in torture; but there might be other duties which overrode this role-duty. The right approach is to ask what principles for the conduct of doctors have the highest acceptance-utility, or, as Kant might have equivalently put it, what the impartial furtherance...

patients is essential for training medical students, and both patients and the public benefit from the integrated care that is provided by health care teams that include medical students.

The ethics of medical involvement in torture:
commentary

Thus, involvement in lethal injection executions goes against the policies of the American Medical Association (AMA), American Nurses Association (ANA) and, most recently, the American Board of Anesthesiology (ABA) (AMA, 2010). In cases of execution by lethal injection, however, courts determine the fate of condemned individuals.

The Ethics of Medical Involvement in Torture:
Commentary

In the UK, the principles enshrined in Good Medical Practice - the handbook of the General Medical Council (GMC) - are a good place to start. Much has been written about medical ethics and it would be impossible to cover everything here. This is an attempt to cover some of the aspects that are more pertinent to general practice.

The Ethics of Medical Involvement in Lethal Injection ...
Medical ethics is a system of moral principles that apply values to the practice of clinical medicine and in scientific research. Medical ethics is based on a set of values that professionals can refer to in the case of any confusion or conflict. These values include the respect for autonomy, non-maleficence, beneficence, and justice.

The morality of capital punishment has been debated for a long time. This however has not resulted in the settlement of the question either way. Philosophers are still divided. In this work I am not

Medical Ethics. Hippocratic oath, what are medical ethics ...

Torture does need to be defined if we are to know exactly what we are seeking to ban; but no single definition will do, because there are many possible ones, and we may want to treat different practices that might be called torture differently. Compare the case of homicide; we do not want to punish manslaughter as severely as murder, and may not want to punish killing in self-defence at all.
