The Geek Manifesto: Why science matters: Amazon.co.uk ...

A geek revolution is upon us, asserts journalist Mark Henderson. Media stars such as physicist Brian Cox have lit the fuse by giving science cultural credibility. Now, says Henderson, with 7% of the UK electorate engaged or trained in science and more than 5 million scientists and engineers working in...

The Geek Manifesto | Why Science Matters

“What science admires as intellectual honesty is seen in Whitehall as the stuff of the gaffe,” argues Mark Henderson in The Geek Manifesto. It is one reason why so few trained in the sciences pursue a political career.

Books in brief | Nature

What are the Geek’s Manifesto promises? Henderson paints the following picture for an ideal Geek society: Government that respects science as a tool and does not just implement ideas but tests them. Government that listens to scientific evidence and advice. Government that invests in scientific research and education.

The Geek Manifesto: Why Science Matters by Mark Henderson

It’s this indifference to science, not Tredinnick’s (rare) hostility to science, that is the chief cause of disconnects between science and public policy. The Geek Manifesto has plenty of ideas about how we might attempt to change it.

Book review: The Geek Manifesto | ZDNet

Our representatives each received a copy of Mark Henderson's The Geek Manifesto: Why Science Matters, some from their constituents and others directly from the publisher, Transworld books. The geeks (me included) heard Henderson's rallying cry, that the flagrant disregard for evidence in government policy...

Amazon.com: Customer reviews: The Geek Manifesto: Why ...

Whether we want to improve education or cut crime, to enhance public health or to generate clean energy, science and its experimental method is critical. The Geek Manifesto shows us what needs to happen to entrench scientific thinking more deeply into politics and society, and how to turn our frustrated outrage into positive action that our country's leaders cannot ignore.

Has your MP read The Geek Manifesto? | Mark Lorch ...

“The Geek Manifesto is the most compelling, engaging and entertaining account I’ve read of the relationship between science and politics. ” —James Wilsdon. The book laments the undervalued role of science in politics on pressing issues such as the global economy, healthcare, education, justice and the environment.

An Open Letter to David Rutley MP on the Geek Manifesto ...

It is time for the geeks to stand up and be counted. This is the premise behind The Geek Manifesto: Why Science Matters. The Manifesto begins with the recent

rise in rationalism, for example challenging religious bigotry and successfully defending libel cases brought by disgruntled quacks. It then proceeds to layout some of the factors behind the tension between science and non-science in politics and how recent years (mainly through the internet and blogs) daft political notions based on non ...
