Leonardo da Vinci - Wikipedia

The idea of the artist as a unique genius can, in fact, be seen more as a cultural stereotype with a very old tradition dating back to 4th century Greece rather than an objective statement. This myth gained momentum in the Renaissance when artists rose to a better social status and their talent was much sought-after by the rich and powerful aristocracy.

Home | Leonardo Da Vinci - The Genius

A fascinating picture-book "biography" of Leonardo da Vinci, as told by his apprentice Giacomo - a ten-year-old "liar, thief and greedy brute, (who) eats as much as two boys and causes as much trouble as four" - The Genius of Leonardo uses quotations from da Vinci's own journals to recreate an affectionate portrait of the great master, who, although not always understood by his servant, is admired and respected. da Vinci's many diverse interests, and his philosophical ideas - about the ...
