unprecedented clarity, Sernovitz introduces readers to the shales - a history-upturning "Internet of oil" - tells the stories of the shale revolution's essential characters, and addresses all the central controversies.

The Black | DC Database | Fandom

The Negro Motorist Green Book was one of the best known of the African-American travel guides. It was conceived in 1932 and first published in 1936 by Victor H. Green, a World War I veteran from New York City who worked as a mail carrier and later as a travel agent. He said his aim was "to give the Negro traveler information that will keep him from running into difficulties, embarrassments and to make his trip more enjoyable."
