### **The Heart of Matter (Odyssey One, #2) by Evan Currie**

The Heart of the Matter is just as awesome as the first book in the series – great battle action, a little bit of mystery, wonderfully drawn characters, solidly described future tech that sounds like one day it may become real, very nasty bad guys, a touch of humor – yep, Currie does it again.

The Heart of Matter: Odyssey One is a book I received from Amazon Vine. It is the second in the series and while it can be read as a stand alone I recommend reading Into The Black: Odyssey One first. The Heart of Matter lingered on my TBR shelf for a while, not because I did not want to see what happened next but because of the size of the book.
