And
Cure
Kleinman

“Existential” can relate to existence, the meaning of existence, or striving to find concrete personal meaning in existence. 47 (p100) As serious illness thrusts patients into questions concerning the meaning of life, the holistic healer attends to the dynamics of existential disease just as biomedicine addresses

Kleinman infuses the theme with fresh insights and “empathic witnessing,” through the use of narrative, the stories of pain and suffering that give form and meaning to the experience of illness.

“The story of a sickness may even function as a political commentary,” Kleinman observes,
