The Juggler's Children is many things,  
each one spellbinding: a thrillerish quest  
for origins, a continent-spanning  
travelogue and an eye-opening foray into  
the annals and ethics of genetic science.

Letters from our ancestors: The Juggler's  
Children (book ...

With lively writing and a compelling  
personal narrative, The Juggler's  
Children tackles profound questions  
around the genetics of identity, race and  
humanity, and tells a big story about our  
small world, with vivid proof that genes  
bind us all to the branches of one family  
tree.
