The Knowledge-Creating Company - Harvard Business Review

In The Knowledge-Creating Company, Nonaka and Takeuchi provide an inside look at how Japanese companies go about creating this new knowledge organizationally. The authors point out that there are two types of knowledge: explicit knowledge, contained in manuals and procedures, and tacit knowledge, learned only by experience, and communicated only indirectly, through metaphor and analogy.

The Knowledge-Creating Company: How Japanese Companies ...

Knowledge Engineering. The more holistic approach to knowledge at many Japanese companies founded the important fundamental insight that a company is not a machine but a living organism much like an individual that is continuously evolving and can have a collective sense of identity, understanding and fundamental purpose.

The Knowledge Creating Company How

The Knowledge-Creating Company. In the knowledge-creating company, inventing new knowledge is not a specialized activity—the province of the R&D department or marketing or strategic planning. It is a way of behaving, indeed a way of being, in which everyone is a knowledge worker—that is to say, an entrepreneur.

The Knowledge-Creating Company - Semantic Scholar

The Knowledge-Creating Company is the book that covers the well-known SECI-model and its meaning within organizational knowledge creation. Real company cases are used to illustrate the conversion of knowledge between tacit and explicit and the elevation of individual knowledge towards organizational knowledge.
