Long Distance Relationships: A Survival Guide | Supportiv

When you are in a long-distance relationship, it's important for the both of you to know that you are equally committed to developing the relationship. Why bother being in a long-distance relationship when one or both of you are not committed? You might as well just have it be a fling and then find someone locally. So, the first precedent to surviving a long-distance relationship is to both be committed to maintaining and developing your relationship.
