scouts. By the end of World War II, horses were seldom seen in battle, but were still used extensively for the transport of troops and supplies.

### 10 Best Race Horses of All Time - Greatest Thoroughbreds

Horses were much more important in the Civil War than most people give them credit for. Many horses were used in the cavalry, but others were used to transport ammunition and weapons or to pull ambulance carts. The total number of horses killed in the Civil War totals above one million, and early in the war more horses were killed than soldiers.

### The Real War Horses - Faithful unto Death | Horse Journals

Horses in World War II were used by the belligerent nations for transportation of troops, artillery, materiel, and, to a lesser extent, in mobile cavalry troops. The role of horses for each nation depended on its military strategy and state of economy and was most pronounced in German and Soviet ground forces. Over the course of the war both Germany and the Soviet Union employed more than six ...
