Types of Microgreens - The Ultimate Guide to all the Varieties

A weed is a plant considered undesirable in a particular situation, "a plant in the wrong

place". Examples commonly are plants unwanted in human-controlled settings, such as farm fields, gardens, lawns, and parks.

Taxonomically, the term "weed" has no botanical significance, because a plant that is a weed in one context is not a weed when growing in a situation where it is wanted, and where ...
