Today, some still refer to Archaeopteryx as that long-sought “missing link” between birds and dinosaurs. It certainly checks a lot of boxes for an animal that seems between what were thought to be two distinct categories of organism. But there’s good reason not to use the phrase—which Darwin himself knew.

his head while letting the hair grow in other areas.

The Missing Link® Original Growth & Development Supplement ...

A "missing link" is any gap in the fossil record between any animal and its supposed evolutionary ancestor. The fossil record is the collection of all fossils found all over the world. Missing links are placeholders used when a transitional fossil cannot be found to fill in the "tree of life," a visual representation of the evolutionary process showing relationships between species.

~1st Person POV I was unfortunately sick yesterday and I went over my To-Be-Read list when I came across this book. I completely forgot about it. I don't know why, but good thing my friend told me it was recently featured in a blog she was reading.

The Missing Link (wrestler) - Wikipedia
The Missing Link Bicycle Cooperative was started by a group of UC Berkeley students in 1971 in the basement of the university's Student Union building, and incorporated in 1973. Since the beginning we've been worker owned. And more than 40 years later we're still here.
