THE MOON BY WHALE LIGHT by... - Los Angeles Times
MOON BY WHALE LIGHT. A unique blend of poetic essays and scientific descriptions of endangered animals and the natural world. Ackerman writes with the precision of a scientist and the soul of a romantic, luring readers with provocative word pictures while educating them on the importance of such animals in the global scheme of nature.

The Moon By Whale Light - Adobe Spark
Flying to Maul, she is the guest of Roger Payne, the world's most faithful recorder of humpback whale songs. From him she learns that there are 35 known singers, and that the music is quite complex at first listen, but becomes monotonous over a season: all whales sing the same song, which evolves slowly year to year.

Moon by Whalelight by Diane Ackerman

Moon By Whale Light. Diane Ackerman has such an inspiring sense of adventure. I love reading her books for their beauty and insight but I also enjoy picturing her in the bizarre situations that she finds herself. In *Moon by Whale Light* she researches four different animals in very different environments. Bats, Alligators, Whales and Penguins.
