The Moses Stone (Audiobook) by James Becker | Audible.com

The Moses Stone was a book I picked up from the free books bin at the library, free always makes me a bit more adventurous with unknown authors. This book was a good read, but not one I'd return to or an author I'd deliberately seek out again. Overall I'd say great potential to hit my action/adventure must read list but not there yet.

The Moses Stone by James Becker I have moved house twice since I started this book. There are some things that James Becker does well, especially tension. The parts of the book where Bronson and Angela are running through the steets, followed by armed men are great.
