THE NEW WEALTH MANAGEMENT "The business of wealth management is about more than exercising fiduciary responsibility over client funds. The New Wealth Management explains the importance of working to achieve client objectives beyond simply managing their money. This book is an advisor's road map to building and maintaining client wealth and well-being."

The New Wealth Management by Harold Evensky (ebook)

Many enterprise wealth firms are currently rethinking the advisor's "value add." Working to help advisors explore new services in search of an incremental basis point of value. For the investor-customer, the new value equation may come in the form of an advisor helping them surmount existing psychological fears about money.
