...

The Plague Summary. From the title, you know this book is about a plague. This particular plague happens in a Algerian port town called Oran in the 1940s. The story is narrated to us by an odd, nameless narrator strangely obsessed with objectivity, who tends to focus on a man named Dr. Bernard Rieux. The mess starts when rats everywhere die.

### **The Plague by Albert Camus - Goodreads**

The Plague is a novel by Albert Camus that was first published in 1947.

### **SparkNotes: The Plague: Analysis**

The Plague is a novel about a plague epidemic in the large Algerian city of Oran. In April, thousands of rats stagger into the open and die. When a mild hysteria grips the population, the newspapers begin clamoring for action. The authorities finally arrange for the daily collection and cremation of the rats.

### **The Plague Introduction | Shmoop**

In The Plague, Camus addresses the collective response to catastrophe when a large city in Algeria is isolated due to an outbreak of the bubonic plague. Although the effort to alleviate and prevent human suffering seems to make little or no difference in the ravages of the plague, Camus asserts that perseverance in the face of tragedy is a noble struggle even if it ultimately fails to make an appreciable difference.

### **SparkNotes: The Plague: Part I: Chapters 1-3**

Camus', *The Plague*, is a gripping novel that is definitely worth reading. Camus focuses on the human experience by illustrating the power that fear of an indiscriminating plague with terrible suffering has over an impersonal community the power to bring them together.

### **SparkNotes: The Plague: Summary**

At the end of *The Plague*, the narrator reveals himself as Dr. Rieux. Perhaps Dr. Rieux withholds his identity because he is concerned with maintaining his objective distance from the chronicle. Because he defines *The Plague* as a chronicle, one would expect a journalistic report of the facts. Considering Camus's ideas about the impossibility of reaching an objective truth, it is not possible to agree with Dr. Rieux's assessment of his own document.

### **Albert Camus THE PLAGUE - Antilogicalism**

Albert Camus' *The Plague*: a story for our, and all, times The fascist 'plague' that inspired the novel may have gone, but 55 years after his death, many other varieties of pestilence keep this book...

### **The Plague (Vintage International) - Kindle edition by ...**

I have not read a Camus book since I read the "Stranger" over thirty years ago. Thankfully, I have decided to start reading his works, once again, and I doubt I could have picked a better one to start with than "The Plague." This book is a gripping tale, that does not let up, and has you gasping throughout.

The Plague (French: La Peste) is a novel by Albert Camus, published in 1947, that tells the story of a plague sweeping the French Algerian city of Oran. It asks a number of questions relating to the nature of destiny and the human condition.

### **SparkNotes: The Plague: Study Guide**

The Plague, or La Peste in its original French, is a novel written by philosopher/writer Albert Camus in 1947. The story centers on a physician and the people he works with and treats in an Algerian port town that is struck by the plague .

### **Albert Camus' The Plague: a story for our, and all, times**

...

The Plague The central irony in The Plague lies in Camus' treatment of "freedom." The citizens of Oran become

prisoners of the plague when their city falls under total quarantine, but it is questionable whether they were really "free" before the plague. Their lives were strictly regimented by an unconscious enslavement to their habits.
