The Singularity Box Set 1-4 (The Singularity #1-4) The world's greatest creation saw no path forward for the human race. An artificial intelligence, *The Genesis*, began creating a world without flaws—killing off humanity's leaders and growing children in labs. A perfect world. A perfect society. A perfect human race... But one man, Caesar Wells, sees beyond the utopian canvas *The Genes*.

The Singularity: Traitor, an alternative universe/timeline story by David Beers is an excellent read. It really helps if you have read the first book in the series (*The Singularity: Heretic*). As before with the first book, you get drawn in from the start. I read *Traitor* in two days. I couldn't put it down.

We will not remove any content for bad language alone, or for being critical of a book.

The Singularity: Traitor: (The Singularity Series 2/7 ...
I should first say that while this CAN be read as the first in a series of three, you would really benefit from starting with the very first book of the complete series; *Singularity - Heretic*. The series started out with books 1 through 4 (now there will be a total of 7 books) but Mr Beers fans wanted more and he decided that there was indeed more to the story.
