In The Three Ecologies, it is the artists who are considered to provide the most profound insights into the human condition: that poetic utterances can anticipate scientific advances by decades. As a conceptual construct our life is a work in progress to learn to develop or respond to the chance events and the singularized Life is an "aesthetico-existential process".

Three Ecologies Felix Guattari
Guattari focuses in "The Three Ecologies," on his idea of Ecosophy. He argues that it encompasses the ethico-political articulation in three ecologies called the environment, social relations and human subjectivity. From Guattari we can understand the meaning of ecology as a realm involving the environmental ...
