factor in this competition for online customers is the quality of customer service, which includes usable user interfaces of Internet banking.

The History of E-Banking | Bizfluent

As the evolution of online banking continued, it slowly gained popularity in e-commerce. When big-name banks began to offer online products and services, e-banking seemed to gain legitimacy for consumers. By 2006, online banking had become mainstream: An overwhelming 80 percent of banks in the U.S. were offering internet banking services.
