The Craft Of Timber Framing. Timber framing is just the kind of traditional craft that we at Hearthstone specialize in. Meticulously practiced for centuries as the preferred method of building construction, the trade and tradition nearly died in the early 1900's as steel mills, high-production saw mills, wire nails, and mass production psychology replaced the art and craft of timber framing ...

Small post and beam homes
The greatest art comes from making things very simple, but very elegant and perfectly adapted. Engineers like to point out that a structure will be beautiful if it hews closely to the laws of physics, that elegance accruing naturally to designs that obey the forces of nature. Stand inside a timber frame and look up.
