SOLVED: Timing marks for 4g64 motor - Fixya
the timing marks on the 4G63/4G64 are indicated on the gears, there are pointers casted into the timing cover and head, on the slinger washer behind the crank gear that has a half moon cutout. Now when you set the crank timing mark, when you look at the mark on the gear it will be pointing at the casted pointer (or pin) which is about 10 or 11 o clock when looking straight at the front of the engine.

difficulty setting ignition timing on my 4g64

Download Mitsubishi Forklift engine parts guides and pricing here.

4g63 forklift? | DSMtuners

4G63 and 64 time the same way marks are on crank gear and cover at crank gear about 10 o'clock facing the front of the engine. The cam marks are 2 dots on the gear and the pointer/mark on the cover is on the left side facing the engine around where the seam where the head meets the block (around 9 o'clock).
