Torque Values Tenaris

In 2021, Tenaris set a medium-term target to reduce the CO₂ intensity of our operations by 30% by 2030, compared to a 2018 baseline. We are pursuing this target by using a higher proportion of recycled steel scrap in the metallic mix and by making investments to increase energy efficiency and the use of renewable energy in our energy ...

Tenaris, the leading supplier of steel pipe

We combine innovative technology, reliable product quality and efficient service. Our TenarisHydril Wedge and Blue ® connections offer an unmatched range of product solutions to meet the needs of drilling and completion operations across all applications. Dopeless ® technology is an industrially applied coating that simplifies pipe handling and running while minimizing environmental footprint.
