The Measured Move is a three-part formation that begins as a reversal pattern and resumes as a continuation pattern. The Bullish Measured Move consists of a reversal advance, a correction/consolidation and a continuation .

Measured Moves Trading the First Drive or Range Reversal ...

Measured Move. A measured move is the distance from a reaction extreme to the next price target. The premise of a measured move is that prices will move in equal increments. This basis for setting price targets in technical analysis is used with chart patterns such as flag patterns and pennant patterns.

Trading a Measured Move

The weekly and the daily both line up clean on enph and the are following the Fib levels up. Each of the moves have been measured moves. The first move from 1.39 to 7.63 was 634 points and the move retraced 38.2% to begin the current move. This move started at 3.76 a 634 point move be near a completion of the 2nd move near 10.01 the rejection area.
