Learn How to Build a Bucket Mouse Trap and End Your Rodent Problem!

Trap shooting (or trapshooting in North America) is one of the three major disciplines of competitive clay pigeon shooting (shooting shotguns at clay targets). The other disciplines are skeet shooting and sporting clays. They are distinguished roughly as follows, with variations within each group: In trap shooting, the targets are launched from a single "house" or machine, generally away from ...

Live Trap
STEP 3: Position your trap off the ground. You can set your traps out on the ground, but hanging them about four feet high will probably attract and catch more wasps.

Homemade Wasp Trap - Easy DIY Pest Control from Bob Vila

Bucket style mouse traps are the number one most effective homemade mouse trap in existence. They almost always work and keep on working effectively for weeks and months on end. It's true there are many variables that affect where mouse dare venture and whether or not they can be teased into tripping a trap, and so we can't quite give a 100% guarantee.
