For some reason I am only getting radio for about 2 miles.  
Last week, I was getting 5 miles. I have a survey style set up  
that I haven't changed at all. I have tried two different TDL  
450's and they are both only getting 2 miles. The TDL 450's  
are both set up the same as I've always had them set.*
