*TR250 & TR6 Engine Rebuilding Options
Certain engines have extra "fixes" performed
such as pinning thrust washers on
Spit/GT6/TR6 engines. A start-up and break-in
sheet accompanies every engine. Engines may
be done as a full engine, short block or just
a "block and crank" for the person who wants
to DIY.*

The TR6 is essentially similar to the TR5 with styling changes by Karmann of West Germany limited to the front and the back of the car, extending from the wheel arches. Mechanically, it is in most respects (apart from detail specification changes) identical to the TR5 and is the last of the separate-chassis TR's.
