In chess and chess-like games, the endgame (or end game or ending) is the stage of the game when few pieces are left on the board.. The line between middlegame and endgame is often not clear, and may occur gradually or with the quick exchange of a few pairs of pieces. The endgame, however, tends to have different characteristics from the middlegame,

PC (Personal computer) - one of the most popular home platforms and the only one which doesn't offer playing video games as its main purpose. PC was born in the 1970s, but it is impossible to give an exact moment of its birth or even a name of its creator. However, IBM is the one who gave computers their present shape, using, at the beginning of the 1980s, an idea of open architecture ...

I think any intelligent person can get to be pretty good as an investor and avoid certain obvious traps. But I don't think everybody can be a great investor or a great chess player. I knew a man once, Henry Singleton, who was not a chess champion. But he could play chess blindfolded at just below the Grandmaster level. But Henry was a genius.

NCIS is an American long-running primetime television series created by Donald P. Bellisario and Don McGill for CBS about Navy criminal investigators. The show is a spinoff of JAG (), which in addition to the parent series' military theme and occasional Spy Drama also leaped on the Forensic Drama bandwagon started by CSI. NCIS stands for "Naval Criminal Investigative Service"; like JAG, it is ...
