### Underwater Home: What Should You Do If You Owe More on ...

An underwater mortgage is when a homeowner owes more on a mortgage than your house is worth. For example, your home is worth \$250,000, but you owe \$300,000 on the mortgage; that means you are underwater, or upside-down on your mortgage. This is also referred to as negative equity. Why is Refinancing Beneficial?

What is your home worth to YOU! ..if you'd rather get out from under the obligation; pursue a deed-in-lieu or try for a short sale... foreclosure is a last resort, as is bankruptcy BUT, if you like your home, perhaps another re-fi would be the answer at todays very very low rates (perhaps a 15 yr note or ARM ...that way you continue to ...

### Help! I'm Underwater on My Mortgage - The Balance

This works only if a homeowner owns other property free and clear. The bank might agree to swap the security for the mortgage from the underwater home to the home without a mortgage. By switching out the security for the loan, the homeowner might be able to sell the underwater home at a reasonable price without a loan in place. The homeowner then can use the proceeds from that sale to pay down as much of the mortgage as possible.

### What To Do When Your House is Underwater

The value of your home should recover and begin to rise. While this may happen, your home may take several years to reach the value of what you originally paid for it. If you are in the situation it is best to look at the long-term picture and realize that you will not always be underwater on your

mortgage.

#### **Underwater Mortgage Defined**

A house is "underwater" when the owner owes more on the mortgage than the house is worth. For example, if you buy a house for \$400,000, taking out a \$360,000 mortgage, and the market value slides to \$320,000, you are "underwater" -- because you owe \$360,000, and your home is worth only \$320,000.
