If you know anything about Vermeer round balers, you are probably aware of the clever hydraulic system that they use to maintain belt tension as bales are forming in the machine. I am helping a friend repair this system on his baler. I have found (I think) the problem that is allowing the system to lose pressure very rapidly.

Vermeer 504 Super I - posted in Machinery: Hello all. This is my first posting, so I hope I am doing this right. I am looking to get a bigger round baler that can do haylage. I currently have a New Idea 4844 that does great, but cannot handle any damp hay, and sometimes I would like to have 4x5 rolls. I am looking at a Vermeer 504 Super I with hydraulic tensioner, electric tie, twine only, and ...
