Qigong, which combines meditative and physically active elements, is the basic exercise system within Chinese medicine. Qigong exercises are designed to help you preserve your Jing, strengthen and balance the flow of Qi energy, and enlighten your Shen. Its dynamic exercises and meditations have Yin and Yang aspects: The Yin is being it; the Yang is doing it.

Nebulizer - an overview | ScienceDirect Topics

Table 6-2 lists some values of and for some γ -ray and x-ray emissions from radionuclides of interest in nuclear medicine. Note that for relatively low photon energies (e.g., 125 I, 27.5 keV), the recoil electron receives only a small fraction of the incident photon energy, even in 180-degree scattering events. Thus photon energy changes very little in Compton scattering at low photon energies.

Bach flower remedies (BFRs) are solutions of brandy and water—the water containing extreme dilutions of flower material developed by Edward Bach, an English homeopath, in the 1930s. Bach claimed that dew found on flower petals retain imagined healing properties of that plant. Some systematic reviews of clinical trials of Bach flower solutions have found no efficacy beyond a placebo effect.

A standing bell or resting bell is an inverted bell, supported from below with the rim uppermost. Such bells are normally bowl-shaped, and exist in a wide range of sizes, from a few centimetres to a metre in diameter. They are often played by striking, but some—known as singing bowls—may also be played by rotating a mallet around the outside rim to produce a sustained musical note.
