Waking, Dreaming, Being: Self and Consciousness in ...

Waking, Dreaming, Being is an exceptional and intriguing contribution to the exploration of consciousness as a multidimensional self and makes a convincing argument for the usefulness of philosophical, experiential, and scientific approaches to understanding consciousness.

Waking, Dreaming, Being: Self and Consciousness in ...

Waking, Dreaming, Being builds a bridge between two different worlds: the relative "new" Western world of science and the ancient Vedic wisdom as expressed in the Upanishad. This is a very interesting process wheer Evan talks about his own experiences, his life, experiments he has been through and in doing so he is able to put up a framework for you.

Waking, Dreaming, Being: Self and Consciousness in ...

The New York Times Book Review - Adam Frank: "[an] excellent book. Walking through the wreckage of a thousand atheism-versus-religion debates, [Thompson] asks us to do something truly radical and withhold judgment on the big (perhaps unanswerable) metaphysical questions as we carry out our explorations. Instead, we can focus with honesty and integrity on where...

(PDF) Primacy of Consciousness and Enactive Imagination ...

If we have a lucid dream, we no longer identify only with the self within the dream. Our sense of self now includes our dreaming self, the "I" as dreamer. Finally, as we meditate--either in the waking state or in a lucid dream--we can observe whatever images or thoughts arise and how we tend to identify with them as "me."
