I needed to create a few audio mp3 files for a website, but needed to do it in a hurry. Instead of running home to get advanced audio equipment, I just used the voice recorder function on the iPhone 4S. After recording a file, I used the "Share" button to email the file to myself. At this point, the file was in the .m4a file format.

I bought a Audio Solutions MP3 player at walgreens for my younger son. It's nicer than having him wreck Cd's. My question is what is their main webpage, I don't have the box nor can I find any info on the company to download the driver for it. I do not have a disk and would like to contact them for one or download it. Any help would be appreciated. Thank you!
