George Daniels (watchmaker) - Wikipedia
Dr. Daniels was perhaps most famous for inventing the Co-axial Escapement, which revolutionised mechanical watchmaking. This has been used by Omega in their highest-grade watches since 1999. George Daniels was one of the few modern watchmakers who could create a complete watch by hand, including the movement, case and dial.

Watchmaking: Daniels, George: 9780856677045: Amazon.com: Books
George Daniels, MBE, DSC (HONS), FSA, FCGI, FBHI, FAWI, is a practicing horologist with fifty years' experience in both antiquarian and modern watchmaking, and is a pastmaster of the Worshipful Company of Clockmakers.

George Daniels, The World's Greatest Watchmaker | Watches ...
Dr. George Daniels is perhaps best known for his expansion of the double wheel coaxial escapement. His version did not require the use of lubrication, which was known to interfere with the accuracy of timekeeping. This innovation made him famous in the watchmaking industry.

George Daniels "Watchmaking" Book Is A Must Read For ...
George Daniels' contributions to horology, as a watchmaker, historian and educator, were multi-dimensional. Most are widely known, and his watches are now incredibly valuable. But one of his creations - the "Unfinished Daniels" - remains tantalisingly incomplete, residing in the Clockmakers' Museum within London's Science Museum (which is also now home to Daniels' Space ...

In-Depth: The Unfinished George Daniels Watch | SJX Watches
More recently, George Daniels invented the co-axial escapement in 1974, considered by many as the greatest horological invention of the last 250 years. The decline of British watchmaking began in the 1850s with the advent of industrialization.

Watchmaking by George Daniels - Goodreads
George Daniels is regarded as one of the greatest watchmakers of all time and his work has its deserved place in watchmaking history amongst the finest and most influential. One of his greatest accomplishments is known by millions around the world thanks to Omega, who feature his co-axial escapement in most of their watches (which they bought from him at a rather meager sum).

Our Top 10 Must-Read Watchmaking Books | Watchnista
This rare and important Daniels Millennium wristwatch, made as a first collaboration between George Daniels and his apprentice Roger W. Smith, is one of only 47 pieces produced in yellow-gold. It came as a full-set, with box and papers (including paperwork signed by George Daniels). This piece was delivered in 1999. The inception of the watch came about as a means to celebrate the acceptance of ...

Watchmaking : George Daniels : 9780856677045
As a supreme master of his art, George Daniels' advice is constantly sought by both students and watch repairers, his understanding of the problems that can beset the would-be watchmaker, especially in an age of mass production, and his expert knowledge of the history of watchmaking being second to none.
