I came on this site today  
because we are selling our  
current home and I was  
wondering if Whirlpool was  
still making the Duet so  
that I could buy them for  
our new place. I couldn't  
believe the negative  
reviews. We bought a set in  
2007 for our house then and  
it did 3-5 loads a week  
until we sold in 2012 with  
no problems or repairs.
