Whirlpool Duet Washer Manual F21

I have revisited your post a few times now over the last year. I am now starting over from step one and going through them again before i buy a part. still getting f21 code here and there for no particular reason. cleaned out drain pump in past and has been nasty. now starting with drain lines. seem to blow the outlet at times, too. i will be back to see how i make out. your post has been very ...

Whirlpool Duet Sport ht 5D/F21 Error Fix

The f21 is one of the most common failure modes of this washer. Nearly always the problem is a clog in the drain path. If some debris gets through the pump strainer basket, it can wind around the pump impeller. Usually by this time there is plenty of junk in the rubber sump hose and the pump strainer.
