**Washing Machine died 2 months
out of w/t - Whirlpool.net.au**

I have a whirlpool cabrio washing
machine, model: WTW5550XW0.
When I turn it on to start a load the
start button light continuously blinks
and nothing else happens. It doesn't
try to lock or start. I tried turning the
knob counter clockwise and back three
turns then back one and then forward.
It did nothing.
