Wildflower / A Proposal

Finally the gardener put the mums into the basket. Again, all the flowers began to fight over who was the best. When the gardener got to the house, he began to put all of the beautiful flowers into a vase. First he put the pink roses into the vase, remembering that they were the first flowers to bloom in the spring.

Wildflower | plant | Britannica

Flowering plants are called Angiosperms. Their origins are still one of the great mysteries of evolution. Fossil records indicate they appeared suddenly on the planet about 80 to 90 million years ago, beginning their rapid diversification in the mid-Cretaceous epoch. Today angiosperms are the most abundant and diverse plants on the earth.
