Wiring a Mini Split System, Step by Step!

When wiring a plug, you only need to use 14/2 or 12/2 wire. This wire has a black, white and bare wire in it. For split receptacle wiring, you will need to use 14/3 or 12/3 wire. It has the same wires as the regular plug but now there is a red wire in the mix. Turn the power off before starting this or any wiring project. Although cheaper, it is not a good way to get a new hairstyle.

Wiring Guide Split
