Gush, this covers that esoteric period when men armed with pikes and firearms dominated the battlefield. The rules are fun to play and similar to the earlier WRG ancients rules so that much is pretty familiar.

The difference is in the writing styles of the authors. All WRG products suffer from a certain obtuseness that is the result of Phil Barker's writing of English rather than American (apologies to non-US readers). The WRG 7th rules are not intended for lazy readers. Lastly, WRG 7th is not a dead-end gaming system. While it is true that the current version (v. 7.5) is likely the last that WRG will produce, new material is still being produced to support the game.
