1970 Yard-Man EarthBird Tiller Problem | Lawn Mower Forum

The tines slow or stall when under heavy load. I've disassembled the drive and pins and bearings are fine. I'm replacing seals. Gears show wear but still seem to not be the problem. The worm gear spacer, part number 40099, is severely worn on both ends and I've exhausted several leads to find a new one. I can get the ID&OD off the original part but due to wear I can't get original length.
