Zenith Zenith Z50PG10-UA 50" plasma TV Specs - CNET

Comments: I owned a 50" 720p Panasonic plasma that this morning daddy replaced. Honestly, it was like switching from 32" tube to 50" plasma all over again. Quickly dialed in the settings for the picture I like and really blown away at how great the picture is. a no frills tv for sure, but for the price vs size it's a no brainer.
